

ACS Virginia Section Younger Chemists Committee Chair Report 01/20/2018
YCC Chair: Mr. Julian Bobb

- i. Focus of 2017 was to increase engagement and attendance of students and young professionals.
- ii. During the Fall of 2017, the YCC sponsored the tour of Evonik and a program in a box event. Both events were successful and attendees (students and young professionals) were well-engaged in the activities.
- iii. The goals for 2018 is to:
 - a. Increase the engagement of members outside of the local central VA section.
 - b. Support/leverage at least two ongoing networking, outreach, educational, and development events at local university and business partners across the region.
- iv. 2018 Plans: happy hours and other social events, tour of Richmond forensic lab, program in a box, chromatography workshop with RCDG, career development workshop
- v. Submitted an application on 1/18/18 for an innovative project grant for a career development workshop.
- vi. YCC will continue with the mentoring program
- vii. Requesting a \$2000 budget
